Third Party In-App Consumption History

October 2021

File name Third Party In-App Consumption History.csv

File description This file contains a detailed history of the user's consumption of in-app purchases.

Why Apple keeps this information Apple retains this information in order to determine whether to approve a user's request for a refund for an in-app purchase and to ensure the integrity of transactions and user-facing or entered content.

Field Name	Details
Apple ID Number	Apple account identifying number
Consumption Status	Whether the in-app purchase has been consumed by the user
Container Description	Description of the parent grouping from which the item was purchased
Container Reference Number	Description of the purchased item's parent grouping, if applicable (for example, the album on which a purchased song appears)
Delivery Status	Whether the in-app purchase has been delivered to the user
Item Description	Name of the purchased item
Item Reference Number	Identifier for the purchased item
Refund Request Received Date	The date and time at which the user requested a refund
Seller	The name of the content provider
